AVIATION CONCEPTS ANNOUNCES CLOSURE OF AIR AMBULANCE DIVISION

GUAM, USA, OCTOBER 2011 --- Aviation Concepts, Asia's premier private jet management, charter and maintenance company announces today its decision to discontinue CAREJET's, the leading provider of air ambulance services in Southeast Asia, ambulance services.

"We are encouraged by our steady growth on the aircraft management and charter side fuelled by the demand our newly opened Subic Bay facility has shown."

– Terry Habeck, CEO and President of Aviation Concepts.

Expanding on the capabilities of the Aviation Concepts' base in Guam to the Asia Pacific region with the new facility in Subic Bay, Philippines, the company continues to offer full-range of aviation-related services and turnkey solutions including management, charter and maintenance in addition to fixed-based operator (FBO) services to our clients and transient aircraft.
